"One can speak of their merits from personal knowledge."—*Christian Intelligencer*. "A Melodion and Melodeon's chimeless comparison with the finest made anywhere in the country."—*Home Journal*.

RAVEN, BACON & CO.—Manufacturers to RACON & RAVEN, Piano-Forte Manufacturers, Warrens, No. 133 Grand-st., near Broadway, where a full assortment of instruments may be found exclusively of our own manufacture. Waranted in every respect.

THE DRIGGS PATENT PIANO-FORTES are all of the full scale of 7 octaves. The most experienced workmen, the greatest perfection of mechanism, and the best acoustic qualities are found in their manufacture.

The case is constructed on a solid iron frame or bed plate, entirely separate from the case, thus referring the case, sound-boards, and all the wood-work from the strings of the instrument, to such much more solid and strong parts, so as to give it the power of vibration of a violin, giving three times the amount of vibrating surface found in any other piano-forte, which being free from the static of the strings becomes more sonorous and pure on their vibrations as the piano-forte, and they are the most enduring and full-toned pianos ever made. Call and see them, at No. 200, 202 Broadway, between Spring and Prince-sts.

WONDERFUL IMPROVEMENT in GRAND PIANOS.

WEINTRAUB & CO. invite the public to inspect their new and recently invented OVERSTRETCHED GRAND PIANO, which, for power and quality of tone, is pronounced superior to any other Grand Piano by all who have examined it; it is the most perfect model of its kind ever made. It is a great improvement over the ordinary grand piano, and is especially recommended for the use of pianists.

JOHN B. GREEN, T. H. HAGAN, (Editor of The Musical Review), C. H. Hill, W. A. King, W. Mason, H. C. Tamm, H. A. Wohlraup, A. H. Wood, and many others.
